SUBJECT: Training Status Report for the Paramilitary  
Senior Staff

2. The following statistics represent the courses of training PM Staff personnel must take in order to meet minimum standards established by [ ]

Phase I	37
Phase II	38
Phase III	18

Administrative Support	36 - 4
Air Operations	3 - 7

3. It will be noted that these figures are substantially the same as those submitted informally to Mr. [REDACTED] on 17 August, for all courses except Phase III. The lower figure above for Phase III is explained by liberalization of PM policy relative to waivers from Phase III. Ten of the 36 enrollments for the Administrative Support course represent the first week of the course only. Figures for Phase I and the Administrative Support courses are based on the assumption that these courses will be required of all clerical and administrative types on the PM Staff. The PM Staff has agreed to abide by Administrative standards in the case of clerical and administrative types; hence this assumption can not be validated prior to publication of the Admin Standards.

4. The following statistics represent the number of persons on the PM Staff programmed for various TR(S) courses during the period 1 September 1953 and 1 March 1954.

Phase I	5
Phase II	19
